

What You Need to Know About Overdrafts and Overdraft Fees

An overdraft occurs when you do not have enough money in your account to cover a transaction, but we pay it anyway. We can cover your overdrafts in two different ways.

1. We have standard overdraft practices that come with your account.
2. We also offer one or more overdraft protection plans, such as a line of credit or a link to another account, which may be less expensive than our standard overdraft practices. To learn more, ask us about these plans.

This notice explains our standard overdraft practices.
